

## INSTRUMENT TECHNICIAN

### JOB SUMMARY

Peak One Surgery Center is seeking an Instrument Technician to maintain sterile surgical instrumentation during surgical procedures. The Instrument Technician utilizes necessary quality control monitoring systems to verify sterility.

### QUALIFICATIONS

- Must be a high school graduate (or GED equivalent).
- Certification by CSIT (preferred).
- Possess knowledge and / or experience with management of surgical instruments.
- Possess knowledge of sterilization techniques and experience with autoclaves.

### ESSENTIAL RESPONSIBILITIES

- Possess ability to work with all members of the health care team to provide safe care to patients throughout the surgical experience.
- Possess knowledge and skills required for the decontamination and sterilization of instrumentation.
- Demonstrates ability to perform independently and with minimal supervision.
- Demonstrates commitment to the compliance of quality control checks required for operating sterilization equipment.
- Demonstrates ability to be highly organized and possesses attention to detail.
- Possesses knowledge of instrument vocabulary, recognition and intended use.
- Demonstrates ability to plan, prepare, multi-task and assemble the required supplies to efficiently manage the reprocessing of instrumentation.
- Possesses skills and knowledge in the proper handling of sterile surgical instruments after sterilization process is complete.
- Possesses skills and knowledge in the proper handling of contaminated articles used during surgery, to mitigate occupational exposure to self and others.
